Weary and stressed believer, I invite you to come with me on this path that leads through hushed, still places and along quiet byways leading to the Father.

We long to correct a poor choice, to rectify a miserable mistake, to eradicate a careless act. We want a mulligan of grace, a second chance based strictly on God's unmerited favor and his unconditional love. The Pole is the instrument God used to save Jessica Faith Jones from herself and to save others from making the same tragic mistake of drinking and driving.

Is it an authentic document from the sixth century before the Common Era with a message from God to postexilic Israel; or is it a forged document written centuries later to encourage Israelites being oppressed by the Seleucid king, Antiochus Epiphanes? Robert Johns addresses these issues and more in his thesis on Daniel's visions. Importantly, Johns establishes when Daniel was provided with his visions, and he defines why God provided Daniel with the visions.

The human existence is symbiotic by nature. All three areas of our lives—body, mind, and soul—feed off each other. To be complete, to be whole, we must shine a light on all three areas of our human experience simultaneously. A car may have six cylinders and get by with four, but our human engines have only three cylinders, and we need them all. Build your future awakened to the knowledge that all things are possible and all is at hand, and you will never short change your life again.
